Dear Todd

Thank you for speaking with us earlier. As discussed, we do not feel that any discovery is warranted in relation to the Petition. Instead, we propose the following briefing schedule for our motion to confirm the arbitral awards, in accordance with Judge England's local rules and the Eastern District's local rules at Rule 230:

Motion to Confirm: March 31

Opposition to the Motion to Confirm: April 14

Reply to Opposition: April 24

Please promptly advise whether your client is willing to agree to the foregoing schedule.

Best regards

Meg
